## House of de Silva Fernández de Ixar Portugal

This partial family tree is an analysis of one of Spain's, and indeed the Portugal's, oldest peerages, the de Silva Fernández de Ixar Portugal family.

The family, whose members are the direct descendents of Visigoth King Alarico II, still exists today in two branches, one Spanish and the other Italian.

These two branches have a dynastic curiosity in common: a matrilineal descent on their primary lines Fernandez de Ixar, Mendoza, Portugal-Noroña, de Silva Cifuentes, de Silva Alanquer, de Silva Alvarez de Toledo, Fitz James Stuart.

The genealogical extract shows a series of extremely important information based on incontrovertible sources deposited in the historical archives of the families cited in the document, in the *Provincial Historical Archive – Ducal Archive of Híjar* of Zaragoza and on unreleased documents in the *City of Milan Historical Archive of Civil Status*.
